Latest News

[This monthly newsletter brings you all the waste and recycling news in Essex.](#)

Following careful consideration and Government guidance on Coronavirus (COVID-19), we have taken the difficult decision to close all Essex recycling centres until further notice.

The decision to close sites has not been taken lightly but it is essential to encourage residents to stay at home and limit the spread of Coronavirus.

If you were planning to visit a recycling centre, please hold on to the items you were planning to take until they are reopened. Do not place items such as DIY waste or recycling into your kerbside general rubbish collection. This will take up space in the collection vehicles needed for general household rubbish.

If you have garden waste to get rid of, you can always try home composting. It's a great alternative and there are [many ways to get started](#).

You can keep up to date by following @loveessexuk on [Facebook](#), [Twitter](#) and [Instagram](#) or at www.loveessex.org/coronavirus.

Thank you for understanding.
