

Share your experiences relating to the COVID-19 vaccination rollout across mid and south Essex

We want to hear about your experiences of having the COVID-19 vaccine.

Our brief survey in partnership with [Healthwatch Essex](#) is seeking your views from receiving your invitation, booking your appointment, the venue and receiving the vaccination.

This survey is applicable to anyone who has received the vaccination at any of our sites.

Your feedback will help us to continually make improvements to our COVID-19 vaccination programme.

To provide your feedback please click the button below. The survey closes on 10 July 2021.

[Complete Covid-19 Vaccination Survey](#)

If you need help completing the survey please see below for details of Healthwatch Essex who are available to assist you.
